Re: Michigan Cyber Safety Initiative

Dear Attorney General Cox:

Thank you for choosing East Lansing as a pilot location for the Michigan Cyber Safety Initiative (Michigan CSI). Your team made presentations to about 1,800 East Lansing students, teachers, and community members. The simple, easy-to-remember, and powerful message of "Keep Safe, Keep Away and Keep Telling," resonated with our students.

We also appreciate that the fourth- through eighth-grade program directly addresses cyber bullying. According to MSU school-safety specialist, Glenn Stutzky, cyber bullying is the fastest growing trend in bullying among teens. East Lansing continues to address all forms of bullying, and your program nicely reinforced our efforts.

I recommend Michigan CSI to all Michigan superintendents.

I am pleased we had the opportunity to work together, and I hope you will consider East Lansing for additional student and community Michigan CSI presentations.

Sincerely,

David B. Chapin
Superintendent
